Shawn,

I'm traveling Mon-Wed this week for business so thought it was easiest to get back to via email. In your voicemail, you asked about the upcoming Third 5-Year Report. The report is scheduled to be submitted by March 2011. I was assuming that the format would be similar to the Second 5-Year Report; however, if you would prefer a different format, please let me know what you have in mind. We continue to see some variability in the PCP concentrations at the mouth of New Cricket Spring (16.3 ppb, 66 ppb, 15 ppb and 11 ppb for the past 4 months). We requested that Bud Grisham record the Deed Restriction by September 30, 2010. I don't have confirmation yet if this was completed. If you have any additional questions or need more information, please contact me.

Jean
